PROFILE

Marine Engineer currently holding MCA MEOL CoC and working towards my Y4. Commercially endorsed Yachtmaster Offshore. Over 31,000 Nm logged all on sailing yachts. The majority of this has been on superyachts in an engineering role. I am also an experienced and qualified boat builder. Currently looking for my next engineering position where I can further my career.

MARINE QUALIFICATIONS

- * Y4/SV Marine Diesel Engineering
- * Y4/SV Auxiliary Equipment part 1
- * Y4/SV Operation Procedures, Basic Hotel Services & Ship Construction.
- * MCA MEOL CoC
- * MCA/STCW Medical First Aid, Advanced Fire Fighting, Survival Craft and Rescue Boats
- * Yachtmaster Offshore MCA/STCW coded (200 tons)
- * AEC/MCA Engine Course
- * MCA/STCW 95 Basic Training Fire Prevention and Firefighting / Elementary First Aid / Personal Safety / Social Responsibility / Sea Survival
- * VHF Short Range Radio Certificate
- * External Defibulation and Oxygen Therapy course
- * RYA Powerboat Level 2
- * MCA ENG1

WORK EXPERIENCE

April '17 - December '18 > S/Y Sassafras • Sole Engineer/First Mate • 34m private yacht

- * 34m Royal Huisman sloop.
- * Based in Auckland NZ.
- * Often in charge of running boat whilst was captain away.
- * Scheduled maintenance and fault finding of all systems onboard.
- * Organized/Oversaw contractors making sure jobs were completed within agreed time and budget.
- * Worked closely with Royal Huisman to implement a total upgrade of PLC system for an upcoming refit.
- * Sailed >7000Nm of deliveries from New Zealand to South Pacific destinations.

February '15 - March '17 > Beashels Marine • Shipwright • Sydney Australia

- * Working as a Shipwright for a family run business specialising in classic timber yacht building, maintenance and repair.
- * My work includes timber shipwright work, modern boatbuilding/rigging, engineering and boat handling.

January '14-January '15 > Sailed own 40ft Yacht East Coast USA to Australia

- * Set off from the East Coast of the USA on a voyage across the Pacific on my fully refitted yacht. Via the Panama Canal and South Pacific Islands the final destination was Sydney Australia.
- * Various crew joined for different legs.
- * Often completing long offshore passages with just two people on-board.
